

RESEARCH PROJECTS

Arneson G, Kimball B: National surgical adjuvant breast and bowel project (NSABB protocol b-32). A randomized, phase III clinical trial to compare sentinel node resection to conventional axillary dissection in clinically node-negative breast cancer patients.

Cleary RK, Flanagan RA, Stella PJ: A phase III celecoxib polyp prevention trial in participants with resected stage I colon cancer. NSABP.

Desrochers R, Goldfaden A: Minimally invasive skills education project. Department of Surgery, St. Joseph Mercy Hospital.

Gupta A, Halloran B, Cowen M, Lampman R, Wolk S, Heinenreich M, Whitehouse, Jr., W: Vascular surgery outcomes. Data Based Studies.

Halloran B, Wolk S, Whitehouse, Jr., W, Lampman RM, Blackburn K, Winter S, Heidenreich MJ: Health-related quality of life (HRQL) following elective repair of abdominal aortic aneurysm.

Pomerantz R. EAST Multi-institutional study of the diagnosis and management of blunt small bowel injury.

Sullivan VV, Shanley C, Fowler J, Lampman R, Whitehouse W Jr., Wolk S: Predication and understanding of thromboembolism in multiply injured patients (PUTT). Jobst Vascular Research Laboratories, University of Michigan and SJMH.

Wooley, JA, Pomerantz RA: Improving enteral nutrition practice in trauma patients: What is the impact on outcome?

Whitehouse, Jr., W: Vascular surgery outcomes.
