

ARTICLES APPEARING IN SCIENTIFIC JOURNALS

- Bakshi,NA, Gulbranson R, Garstka D, Bradwell AR, Keren DF. Serum free light chain (FLC) measurement can aid capillary zone electrophoresis (CZE) in detecting subtle FLC M-proteins. *Am J Clin Pathol* 2005. (In Press)
- Billings S, Hans C, Schapiro B, Martin RW, Fivenson D, Fruland JE, Moores WB, Cotton J. Langerhans cell histiocytosis associated with myelodysplastic syndrome: a report of two cases. *J Cutan Pathol*, 2005. (In Press)
- Cotter MA, Sartori R, Cattell C, Cotton J, Schapiro B. Telangiectatic macule of the cheek. *Ach Dermatol*, 2005. (In Press)
- Keren DF. Evaluation of serum for monoclonal gammopathies (M-proteins). *J Clin Ligand Assay*, (In Press), 2005.
- Keren DF. Speak out for quality pathology and laboratory medicine. *Am J Clin Pathol*. 2004 Aug;122(2):314.
- Keren DF. Gulbranson, R, Ebrom SJ. False-negative urine protein electrophoresis by semi-automated gel electrophoresis. *Clin Chem*. 2004 May;50(5):933-934.
- Keren DF. You can be an ASCP advocate. *Am J Clin Pathol* 2004;121;437.
- Keren DF. Bad information is worse than none. *Am J Clin Pathol* 2004;121;927.
- Keren DF. Leading the way for laboratory week. *Am J Clin Pathol* 2004;121;600.
- Keren DF. First trimester testing or integrated screening. *Warde Report* 2004;15(1):1-8.
- Valenstein P, Sirota R. Identification errors in pathology and laboratory medicine. *Clin Lab Med*. 2004 Dec;24(4):979-96, vii.
- Valenstein P, Walsh MK, Meier FA. Heparin Monitoring and Patient Safety: A College of American Pathologists Q-Probes study of 3,431 patients at 140 institutions. *Arch Pathol Lab Med*. 2004 Apr;128:397-402.
- Valenstein P. Strategic Planning. *Clinical laboratory management*. Washington, DC: American Society for Microbiology. 2004:599612.
- Keren DF. Optimizing detection of oligoclonal bands in cerebrospinal fluid by use of isoelectric focusing with IgG Immunoblotting. *Am J Clin Pathol* 2003;120:649-651.
- Keren DF. ASCP and CAP Relations, under the microscope. A publication of the Michigan Society of Pathologists, Winter, 2003.
- Keren DF. Clinical evaluation of hemoglobinopathies. Part I. Thalassemia. *Warde Report* 2003;14 (2), 1-10.
- Keren DF. A Commitment to our members. President's message. *Lab Med* 2003;34:691.
- Keren DF. Meeting and exceeding your expectations. *Am J Clin Pathol* 2003;120:800.
- Keren DF. Clinical evaluation of hemoglobinopathies. Part II. Structural changes. *Warde Report* 14 (3), 1-10, 2003.
- Valenstein P, Wang E, O'Donohue T. Productivity of veterans health administration laboratories: a College of American Pathologists Laboratory Management Index Program (LMIP) study. *Arch Pathol Lab Med*. 2003 Dec;127:1557-1564.
- Valenstein P, Walsch MK. Five-year Follow-Up of routine outpatient test turnaround time: A College Of American Pathologists Q-Probe study. *Arch Pathol Lab Med* 2003;127:1421-1423.
- Valenstein P, Walsh MK. Six-year trends in laboratory computer availability. *Arch Pathol Lab Med*. 2003;127:157-161.

BOOKS

Keren DF. Immunoassays in Autoimmune Disease. Ed. Wild, D. The Immunoassay Handbook. 3rd Edition. (Accepted for publication) 2004.

Keren, DF. Protein Electrophoresis in Clinical Diagnosis. Arnold Publishing, London, 2003.

BOOK CHAPTERS

Harrist Terence J, Schapiro Brian, Lerner Lisa, Magro Cynthia M. Intraepidermal vesiculopustular dermatitis in Textbook of dermatopathology. McGraw Hill. Raymond L Barnhill, 2nd edition. 2004.

Wu Hong, Schapiro Brian, Harrist Terence J. Noninfectious vesiculobullous and vesiculopustular diseases in Lever's histopathology of the skin. Lippencott Raven. David E Elder editor, 9th edition. 2004.

ABSTRACTS. PRELIMINARY COMMUNICATIONS. PANEL DISCUSSIONS AND SCIENTIFIC MEETINGS

Bakshi, NA, Gulbranson, R, Garstka, D, Bradwell, AR, Keren, DF. Serum free light chain (FLC) measurement can aid capillary zone electrophoresis (CZE) in detecting subtle FLC M-proteins. Presented at the ASCP Annual Meeting, San Antonio, TX, 2004.

Cotton J, Schapiro B, and Billings, SD. Cutaneous solitary fibrous tumor of uncertain malignant potential. Presented at the American Society of Dermatopathology, 41st annual meeting, Boston MA, October 14-17, 2004.

Shabani L, Cotton J, Schapiro B. Subcutaneous panniculitis like T-cell lymphoma in a patient with B cell lymphocytic leukemia. Presented at the American Society of Dermatopathology, 41st annual meeting, Boston MA, October 14-17, 2004.

Valenstein P, Friedberg R. Reducing Laboratory Risk. Joint clinical laboratory and pharmacy initiatives. Presented at the Clinical Laboratory Management Association National Meeting, 2004.

Valenstein P. A proposed national dataset of 8 quality metrics. Presented at the College of American Pathologists Annual Meeting Workshop, 2004.

Billings S, Hans C, Schapiro B, Martin RW, Fivenson D, Fruland JE, Moores WB, Cotton J. Langerhans cell histiocytosis associated with myelodysplastic syndrome: a report of two cases. Presented at the American Society of Dermatopathology, 40th Annual Meeting October 9-12, 2003.

Cotton J, Schapiro B. Chronic boytromycosis in a patient with chronic renal failure and endocarditis. Presented at the American Society of Dermatopathology, 40th Annual Meeting October 9-12, 2003.

Hans CP, Cotton J, Moores WB, and Billings SD. CD34 is expressed in rare cases of desmoplastic melanoma. Presented at the American Society of Dermatopathology, 40th Annual Meeting October 9-12, 2003.

Keren DF, Gulbranson RL, Bak, R, Hedstrom DH, Carey JL. Comparison of two automated capillary zone electrophoresis techniques to evaluate serum for the presence of monoclonal gammopathies: Paragon CZE 2000 and Sebia Capillars. Am J Clin Pathol 120:454-455. Presented at the ASCP Annual Meeting, New Orleans, LA, 2003.

Valemsteijn P, Friedberg R. Reducing laboratory risk. Presented at the Clinical Laboratory Management Association National Meeting, 2003.
